

Marvell 美满电子 2021 校园招聘

Essential technology, done right

招聘职位：FPGA 工程师

工作地点：上海

About Marvell

At Marvell, we believe that infrastructure powers progress. That execution is as essential as innovation. That better collaboration builds better technology. Trusted by the world's leading technology companies for 25 years, we move, store, process and secure the world's data with semiconductor solutions designed for our customers' current needs and future ambitions. Through a process of deep collaboration and transparency, we're ultimately changing the way tomorrow's enterprise, cloud, automotive, and carrier architectures transform—for the better.

The data infrastructure that our customers build has never been more critical to our global economy. It's what's keeping the world connected, businesses running, and information flowing. If you're ready to excel, innovate, and truly enjoy your work, apply now for the position detailed below.

The Opportunity

This is a FPGA design-oriented system engineer position.

FPGA engineer will responsible for both IC prototyping, post-silicon validation and system tool development. The IC products to work with include automotive ethernet PHY and switch products.

Qualifications

- MS in EE or related.
- Must have solid knowledge and skill with logic design.
- Must have good knowledge with basic electronic circuit design.
- Must be willing to work in a multi-tasking, fast pace, team oriented working environment.
- Must be able to quickly absorb different kinds of knowledge and apply them in the works.
- Familiar with FPGA tools is a plus.
- Working experience on board level hardware design, logic/FPGA design, or software development are preferred.

The Perks

With competitive compensation and great benefits, you will enjoy our workstyle within an incredible culture. We'll give you all the tools you need to succeed so you can grow and develop with us. For additional information on what it's like to work at Marvell, visit our [Careers](#) page.

Your Future

Marvell provides a work environment that promotes employee growth and development. We are searching for an individual who wants to grow with the company and will strive to improve performance. If you are driven, personable, and energetic, there will be additional opportunities for you here at Marvell.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, sexual orientation, gender identity, disability or protected veteran status.
